8th May, 2018.

Chief Linus Okafor
Dianokwu Village,
Umuoji.

Dear Sir,

REQUEST TO HANDOVER ALL DIANOKWU MATERIALS IN YOUR POSSESSION

This letter is coming on the heels of failed repeated requests for you to hand over to the new government all Dianokwu Uka Oye materials still in your possession.

It is well over a year since your incomplete handover and the new executives are still operating without the necessary materials even after it has been requested repeatedly from you.

Having spent over a year dwelling on this matter, we have found need to write you formally to request that you hand over all Dianokwu Uka Oye materials still in your possession after peaceful transmission of authority from the immediate past Dianokwu Uka Oye government which was headed by you to the current one.

During our previous requests and mentions of your incomplete handover to the new government, you have always maintained that the new government should ask you whenever they require anything in your possession from you. This position is a flawed procedure as you should have in totality relinquished all Dianokwu Uka Oye items in your possession on the day of your handover to the new government. Handovers are meant to be complete and thorough and we should not be placed in a sad position of always begging for what is constitutionally and morally our right.

While we are fully aware that some items in your possession might be required periodically in your ongoing assignment on behalf of Dianokwu Uka Oye, the correct procedure should be that you request them from the new government anytime you need them for your assignment.

This letter is not intended to create rancour or misunderstanding rather to hammer in the urgent need of those materials and also to do things properly.

Prominent on the list of materials still in your possession include but not limited to:

1. Certificate of occupancy (C of O) of Dianokwu lands in your possession especially that of Okofia land.
2. Writ of summons of land matters between Dianokwu and Nkpor people pending in court.

3. Okofia Land allocation records including:
 1. Names of all Dianokwu Okofia land allottees.
 2. Number of allocated and remaining plots of land.
 3. Other records as regards Okofia land.
4. Agreement between Rev. Fr. Basil Gbuzue in connection with land deal between him and Dianokwu.
5. Judgment certificate over Nkpor (Ngbachu) people in 1985.
6. Resolution made by six families in Dianokwu in 1984/1985 for procurement of Certificate of Occupancy (C of O).
7. All land deal agreement documents with any person or group to ascertain our tenants and their allotments.
8. Comprehensive account statement.
9. Any other Dianokwu Uka Oye property of either in your possession or with people that worked with you.

We trust that you will receive this message with utmost understanding and cooperation that it requires.

Thank you.

Sincerely,

John Machi
